EXEMPTIONS:

The City can exempt businesses and multifamily complexes on a case-by-case basis from the requirements of the law if the business or multifamily complex meets any of the following criteria:

- ☐ Lack of sufficient space at a multifamily complex or business to provide additional organic material recycling bins.
- ☐ The current implementation of actions (such as food donation) that result in the recycling of a significant portion of organic waste.
- ☐ Limited-term exemptions for extraordinary and unforeseen events.
- ☐ The business or group of businesses does not generate at least one-half of a cubic yard of organic waste per week.
- ☐ The business or group of businesses does not generate at least one cubic yard of organic waste per week, if the local jurisdiction provides CalRecycle with information that explains the need for this higher exemption (see following Note**)

****Note:** If after January 2020 CalRecycle determines that the state did not reduce statewide disposal of organic waste by half, a jurisdiction will no longer be allowed to grant exemptions to businesses that generate 1 cubic yard of organic waste per week.

***Business owner certifies the above exemptions to be accurate and true to the best of their ability.*
